

NOTES:

*Because of our ongoing commitment to quality and innovation, we reserve the right, at any time, to discontinue or change specifications, designs, features, models, or equipment without incurring obligation.

**Not all tracks can be installed on all sleds without modification. The listings in the application chart fit OEM suspension, track width, length, and drive pitch only.

To determine if an optional track is compatible with a particular snowmobile, you must check the bulkhead, tunnel, heat exchanger, and suspension wheel positioning for proper clearance.

****See your dealer for installation procedures.

Snowmobile Make and Model	Year(s)	Width in.	Length in.	Lug in.	Pitch in.	Track Model	Application Notes	Replacement
Ski-doo								
Alpine inc. II & IV (single ski large utility)	88-95	16	139		1.968		twin track; # 9011U (15-inch width) ONLY	9011U
